Applications: backfill, foundations, patching, trenching and asphalt repair.

Trenches and pipeline projects, Soila and asphalt compaction.

Applications: backfill, foundations, patching, trenching and asphalt repair.

81 330 Yanmar (Diesel)
68 280 Honda (4-Stroke petrol engine)
58 230 Honda (4-Stroke petrol engine)

Applications:

Concrete blocks, natural stones (cut; diamond sawing), non-bevelled stones, large formats, sensitive surrounding objects.

Concrete blocks, natural stones (cut; diamond sawing), non-bevelled stones, large formats, sensitive surrounding objects.

Applications: trenching and pipeline projects, backfill, foundations, patching, trenching and asphalt repair.

Application: Not applicable;

Applications: handling and transportation of pavements, shoulders,的道路, as well as long loads; stochasticity and middle crack.

Applications: turf and sport compaction;

Applications: turf compaction;

Applications: turf compaction.

The company: BOMAG is the global leader in the field of compaction technology. The company, which has its HQ in Bad Soden and has belonged to the Fayat Group since 2005, produces machines for soil, asphalt and refuse compaction as well as stabilizers / recyclers, milling machines and pavers. The company has six branches in Germany and 12 independent subsidiaries. Over 400 dealers in more than 150 countries guarantee the global distribution of BOMAG machines and their maintenance.

Machines may be shown with options.

Difficult soils.

Simple handling are required on mobile machines for soil, asphalt and refuse compaction as well as stabilizers / recyclers, milling machines and pavers.

The company has six branches in Germany and 12 independent subsidiaries. Over 400 dealers in more than 150 countries guarantee the global distribution of BOMAG machines and their maintenance.

**Vibratory Plates**

- **Tamper Spring and guide unit**
  - Standard on BMP 8500.
  - 3 years warranty.

- **Combustion engine**
  - Standard warranty.

- **Exciter gears**
  - Standard warranty.

- **Drum**
  - Standard warranty.

- **Vibration motor / -pump**
  - Standard warranty.

- **Available for the complete Light Equipment**

- **ECONOMIZER**
  - Warning against overcompaction and grain breakage.
  - Identifies weak spots in the soil.
  - Shows the degree of compaction in real time.
  - Serves as an overview of the compaction on the whole width of the machine.
  - Shows the degree of compaction at the current position.
  - Warns against overcompaction.
  - Spike in the roll.

- **Service kits**
  - Contains all necessary parts for servicing and maintaining the machines.
  - Helps in ordering parts and keeping a record of all work carried out.

- **WARRANTY OPTIONS:**
  - Extended warranty.
  - Extended warranty.
  - Parts + labour.
  - Parts + labour.

**Light Equipment**

- **Service kits**
  - For winter kits, parts which are required for easy and maintaining the machines.
  - Simple and easy ordering of all the needed parts.

**Accessories: Tough Warranty**

- **Options:**
  - Extended warranty
  - Electric starter
  - Combination remote control radio/cable
  - Flexible working widths thanks to replaceable extension plates
  - Tamper spring and guide unit
  - Tamper foot extensions
  - Transport wheels
  - Vulkolan mat for paving work
  - Tamper foot width
  - Tamper foot extensions
  - Transport wheels
  - Tamper foot extensions
  - Flexible working widths thanks to replaceable extension plates

**Extended warranty.**

- **Type:** ECONOMIZER
- **Coverage:** 3 years
- **Parts + labour:**
  - Standard
  - Extended warranty

- **Types:**
  - Sensing unit
  - Control unit
  - Combination remote control

- **WARRANTY OPTIONS:**
  - Electric starter
  - Combination remote control radio/cable
  - Flexible working widths thanks to replaceable extension plates
  - Tamper spring and guide unit
  - Tamper foot extensions
  - Transport wheels
  - Vulkolan mat for paving work
  - Tamper foot width
  - Tamper foot extensions
  - Flexible working widths thanks to replaceable extension plates

**Vibratory Plates**

- **Tamper foot width**
  - Available for the complete Light Equipment.
  - For all single direction and reversible vibratory plates.
  - For all BPs and BVPs except for BVP 12/50 A.
  - For BPR 25/40, BPR 25/40 D, BPR 25/50.
  - For 25/50 D and all single direction vibratory plates.

- **Tamper foot extensions**
  - Standard on BMP 8500, BPH 80/65 S.
  - Sturdy and comfortable remote control.

- **Transport wheels**
  - Easy to install.
  - Vulkolan mat for paving work.
  - Tamper foot extensions.

- **Tamper foot width**
  - Standard on BT 60 and BT 65.
  - Optional for BVT 65.

- **Operator does not need to stand in the trench.**
  - Trenches (e.g. mini-trenching).

- **Tamper foot extensions**
  - Standard on BT 60 and BT 65.
  - Optional for BVT 65.

- **Flexible working widths thanks to replaceable extension plates.**
  - Tamper foot extensions.

- **Tamper foot width**
  - Available for the complete Light Equipment.
  - For all single direction and reversible vibratory plates.

- **Transport wheels**
  - Easy to install.
  - Vulkolan mat for paving work.
  - Tamper foot extensions.

- **Tamper foot width**
  - Available for the complete Light Equipment.
  - For all single direction and reversible vibratory plates.

- **Tamper foot extensions**
  - Standard on BMP 8500, BPH 80/65 S.
  - Sturdy and comfortable remote control.

- **Transport wheels**
  - Easy to install.
  - Vulkolan mat for paving work.
  - Tamper foot extensions.

- **Tamper foot width**
  - Available for the complete Light Equipment.
  - For all single direction and reversible vibratory plates.

- **Tamper foot extensions**
  - Standard on BMP 8500, BPH 80/65 S.
  - Sturdy and comfortable remote control.

- **Transport wheels**
  - Easy to install.
  - Vulkolan mat for paving work.
  - Tamper foot extensions.

- **Tamper foot width**
  - Available for the complete Light Equipment.
